

# Brushes - Cup brushes

## PREMIUM shaft mounted cup brushes

for universal use

### Application

- + For use on almost all materials such as steel, stainless steel, aluminium, copper, brass or wood

### We recommend

- + Wire with grain DK for deburring gears, valve parts, cutting edges of profiles and tubes

### Advantage

- + Especially suitable for use in hard-to-reach places
- + Universal tool with maximum brush life
- + Shaft mounted cup brushes with silicon carbide are very hard and thus enable very high stock removal rates
