

Flexible Abrasives - Mounted flap wheel

PREMIUM flap wheels with threaded shaft

for universal use

Application

- + Finishing, light deburring, cleaning, or preparation for subsequent treatments (chromium plating, nickel plating or painting) on small or hard-to-reach surfaces such as the internal surfaces of pipes, cylinders, moulds, parts of irregular shape
- + Production and maintenance of machinery (chemical, pharmaceutical, medical and food industry), deburring and cleaning moulded parts (automotive industry), metalworking, steel and stainless-steel furniture, moulding, production of tools

Advantage

- + Excellent grinding power and consistent results
- + High flexibility and adaptability
- + Moderate thermal development due to constant ventilation
- + Excellent handiness

We recommend

- + Grit size 60 for high stock removal
- + Grit size 80/120 for universal grinding
- + Grit sizes 180 to 320 for fine work
- + Observe maximum RPM
